

Recovery Is Community NWPA Neonatal Abstinence Syndrome (NAS) Virtual Conference Series 2022

This conference will help increase awareness of Neonatal Abstinence Syndrome (NAS), provide information on how to support systems to help mitigate the impact of NAS on infants and families, and information about naloxone to prevent overdose. Resources to promote care coordination for substance-impacted families and understanding of recovery during pregnancy and postpartum will also be provided.

Conference Schedule

Wednesday, June 1 • Noon to 1 p.m.

Free CEUs are available from Mercyhurst University for nursing, LSW/LCSW/LPC, and LMFTs and AMA/CME. The requirements for CEUs include attendance of at least 50 minutes of the hour session and completion of the corresponding evaluation. Participants are encouraged to enter their name and email address in the chat box to verify their attendance. There will be a link to a Microsoft evaluation posted in the chat near the end of the session. Please complete this evaluation within one week to receive your certificate of completion of this session. Certificates will be sent to your email address. For CME credit, there will be a code in the chat box. Participants will be reminded of the requirements and will review the CME process following the presentation.
